

IFET COLLEGE OF ENGINEERING

(An Autonomous Institution)

1st IEEE International Conference on Smart Technologies and Systems

for

Next Generation Computing (ICSTSN 2022)

List of papers selected for the award of best paper

TRACK	ID	TITLE
1	ICSTSN 77	Performance Analysis of Semantic Segmentation using Optimized CNN based SegNet
2	ICSTSN 50	Secure Automatic Question Paper Generation with the Subjective Answer Evaluation System
3	ICSTSN 109	Information Gain-based Feature Selection Method in Malware Detection for MalDroid2020
4	ICSTSN 148	Vayu - A proposal to address the SDG for maintaining AQI through 5G/6G mobile network
5	ICSTSN 139	Human Cognition Detection In Location-Based Social Recommender System
6	ICSTSN 201	Optimal Controller Design of PUC-15 MLI Topology for Smart Grid Applications with Reduced Power Components
7	ICSTSN 175	AliExpress- A Collaborative Recommendation System
8	ICSTSN 101	Ensembling Framework for Pneumonia Detection in Chest Xray images
9	ICSTSN 165	Retinal Blood Vessel Segmentation using Random Forest with Gabor and Canny Edge Features

Note: Best paper Certificates will be sent to the corresponding author's mail.
